

# Benefits of Lanolin Oil

## for your skincare routine

Lanolin is a highly moisturizing oil derived from sheep’s wool. This oil occurs naturally in sheep, conditioning their wool and protecting them from Mother Nature’s elements. These conditioning properties are also great for humans, which is why it’s widely used in skincare and cosmetic products.

-  Provides Intense Moisturizing
-  Minimizes Fine Lines & Wrinkles
-  Helps Soothes Dry or Chapped Skin
-  Helps Condition Your Hair
-  It’s Beneficial for the Sheep

### Disadvantages of Lanolin
